Peoria, IL 61614

- St. Jude is supported primarily by public contributions. Money raised from this event will build an endowment fund to ensure St. Jude's continued efforts.
- St. Jude Children's Research Hospital is nonsectarian, treating children without regard to race, religion or creed.

On average, 4,900 children are in active status at St. Jude at any given time, each enrolled in one of the hospital's specially tailored treatment plans.

- St. Jude covers all costs not covered by insurance. Families without insurance will never be asked to pay.

St. Jude freely shares its research findings through postdoctoral training, residencies, teaching fellowships, international symposiums for physicians, visits and lectures, published papers and publications.

- The survival rate the most common form of childhood cancer, acute lymphoblastic leukemia, has risen from 19% in 1962 to 76% today.

St. Jude is the single largest center in the United States for the research and treatment of pediatric cancer and other childhood catastrophic diseases.
